

DRAW Isadora's RAINBOW DRESS!

Isadora loves wearing clothes with all the colours of the rainbow! Follow the steps below to draw Isadora's dress on her silhouette.

STEP 1

Trace each frill one at a time, starting from the pink one at the top. Start by tracing the curves at the bottom of each frill, then the straight lines going up. You can draw them in pencil first, then trace them in colour when you're happy with your drawing.

STEP 2

Then add the colour shading to show the movement of the fabric. The colour should be darker where the skirt folds inwards. Look carefully at the picture.

STEP 3
Using the same colour pencil, but a bit lighter, finish colouring in the dress while continuing to shade.

STEP 4

Now, grab a pencil with a slightly darker shade to draw the deeper grooves in the frills and create a shadow.

STEP 5
With the darker pencil, add little circles of various sizes all over the dress.

Added pizzazz!

Use a white gel pen or correction fluid to make the circles sparkle!

Coloured pencils #11571

The Nebulous Stars wooden coloured pencils are perfect for recreating this look!
